WORK EXPERIENCE

EDUCATION

Secondary Education (10th)

CBSE - 7.0 CGPA

2011 - May 2012

Senior Secondary Education (12th)

Commerce - 60.16 %

2013 - May 2014

Delhi University (SOL)

B.com - 40.23 %

2014 - Oct 2018

Lovely Professional University (LPU)

MCA (Data Science) - 7.28 CGPA

2022 - Aug 2024

PROJECTS

1. Lottery Game - React.js [🔗](#)

- Developed a dynamic **Lottery Game** using **React.js**, where users can purchase a lottery ticket by clicking the **"Buy New Ticket"** button. Upon clicking, **four random numbers** are generated, and if their **sum equals 20**, the game displays a **"Congratulations! You Won"** message on the screen.

Key Features:

- Build with **React.js** for an interactive UI.
- Utilized **useState** and **event handling** for real-time number generation.
- Implemented **random number logic** and conditional rendering for game results.
- Ensured a responsive and engaging user experience.

SKILLS

- **HTML5.**
- **Vanilla CSS3.**
- **JavaScript.**
- **Bootstrap.**
- **React.js.**
- **Git & Github.**
- **SQL (Structured Query Language).**
- **mySQL.**
